

Issue Scenario :

- The customer is trying to upload the contacts (using Contacts >> Import CSV) with more than 1000 contacts, the customer gets the following error
 - Issue 1 : When the customer added multiple files with 1000 contacts, the error pop ups as **“CONTACT LIMIT BREACHED FOR THE ACCOUNT”**
 - Issue 2 : When the customer is trying to upload a CSV file with more than 1000 contacts, the error visible is **“Number of contacts limit reached. Please connect the care to increase the limit”**

The screenshot shows the SMS-Magic web application interface. A red error banner at the top of the main content area reads: **CONTACT LIMIT BREACHED FOR THE ACCOUNT**. Below the banner, the 'All Contacts (7)' section displays a table with 7 contacts. The left sidebar contains navigation options: 'New Contact', 'Import CSV', and a 'Groups' section with 'Jose Arregoces Text 1st ...', 'Jose Arregoces Test Group', 'Test', and 'Create Group'. The top navigation bar includes 'SMS-Magic', 'Get Started', 'Contacts', 'Converse Desk', 'Campaign', 'Analytics', 'Settings', and 'Buy Now'. The bottom of the image shows a Windows taskbar with various application icons and a system clock indicating 4:44 PM on 9/1/2022.

Possible Causes :

- We have a default contact limit of 1000 contacts to be upload for a particular account.
 - Under Ops Portal >> Contact Manager Limit Flag
- Because of this, the customer is not allowed to upload the CSV file with more than 1000 contacts.

Solution :

- We need to increase the number of Contacts to be uploaded from CSV file on the Contact List of the account using the Contact Manager Limit Flag.
- Then the customer can chunk the files and upload it in parts.
