

Zoho SMS History related list is not appearing in the lead and contact module

1. Issue Scenario

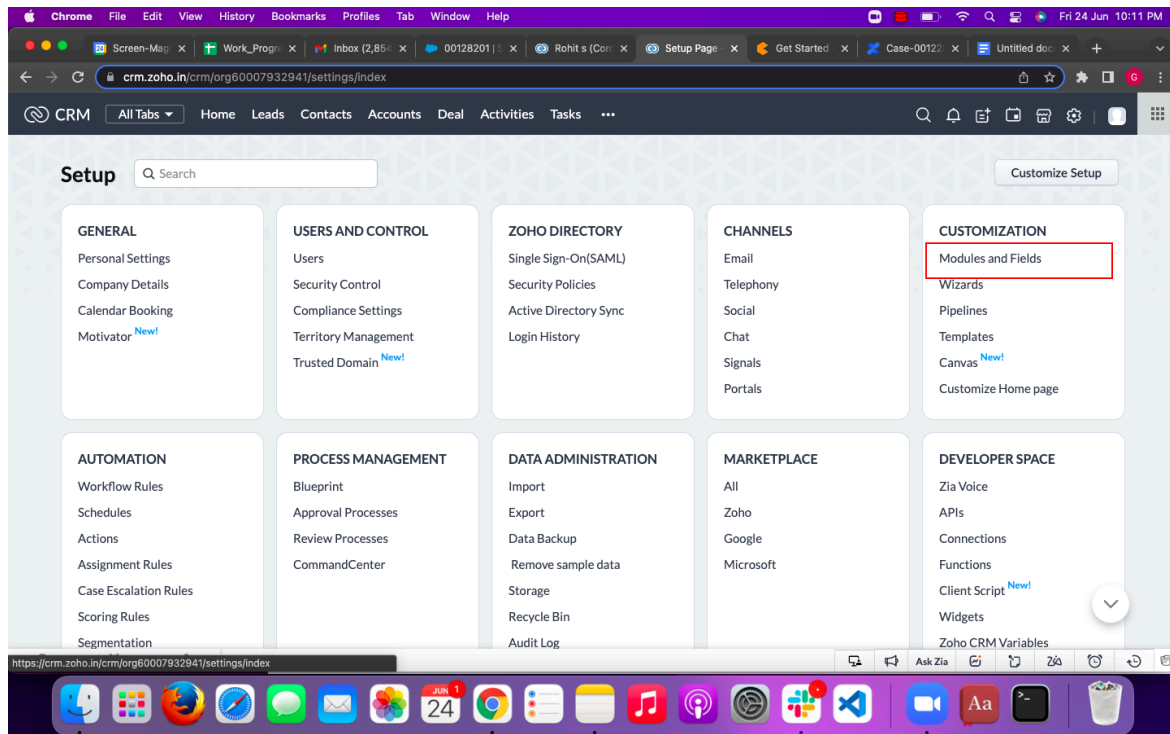

The SMS History related list is not appearing in the lead and contact module

Possible Causes

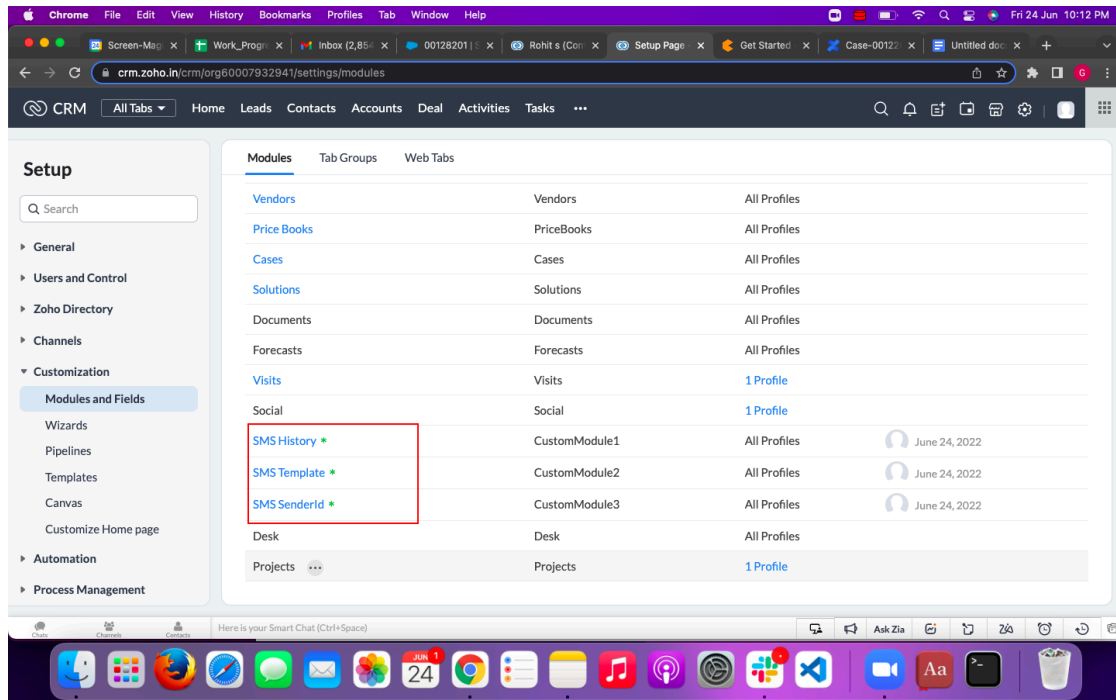

Maybe the customer had made some changes in Zoho CRM.

Solution

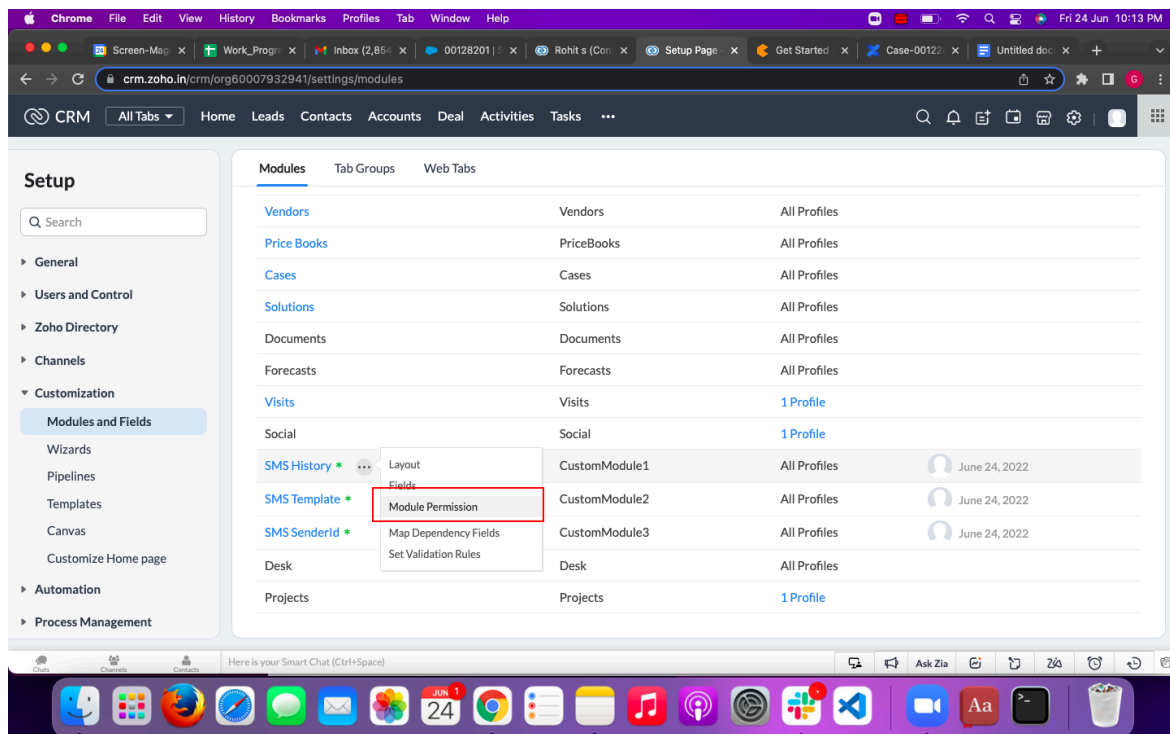

Step 1: Go to Zoho CRM setup , then click on **Modules and Fields**

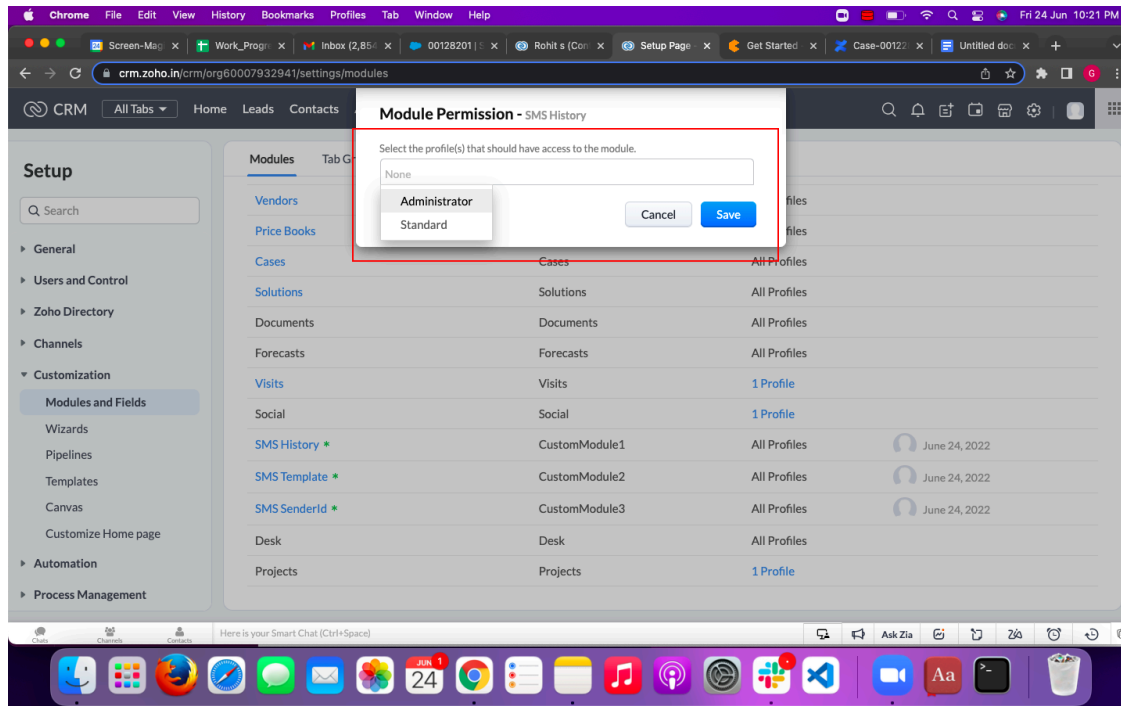

Step 2: In Module find **SMS History**, **SMS Template** and **SMS SenderId**

Step 3: Then click three dot (...) in **SMS History** select **Module permission**

Step 4: Select the profile(s) that should have access to the module.
Like : Administrator and Standard user and save

Step 5: Go to the Lead and Contact Select any records SMS History is displayed.
